Capital stock \$100.00, shares at \$1.00 each. nonassenable.

DEAR SIR:

Louis, Mo., October 15th, 1903.

We wish to interest you in the Co-Operative Store at Twolfth and Olive streets. We ask as a favor that you will inspect our store and plan of operation, and when you have done this we feel assured that you will want to be a partner with us.

Some of the city's leading Furniture and Carpet Salesmen, realizing the immense profit being made by certain men in the Furniture and Carpet business, decided to organize a Co-Operative Company for the purpose of engaging in the business on a safe and legitimate scale. Judge Leo. Rassieur was employed by them to incorporate the Company, which was done under the laws of the State of Missouri for 150,000 shares of a par value of one dollar each. It is the purpose of the Board of Directors to offer to the public 50,000 shares, and it is hoped that it will not be necessary to sell any more. All of the stock unsold will be held as treasury stock, and will be owned by all of the stockholders in common.

A magnificent location has been secured, the eight-story building at 12th and Olive Streets, formerly occupied by the Missouri Glass Company. The Company holds a five-year lease on this building, secured by a bond of sixty thousand dollars, with an option of five additional years.

The Missouri Trust Company guarantees the payment of at least 8 per cent per year on all stock at its par value for five years, the interest to be paid semiannually in payments of 4 per cent each. This guarantee and interest coupons are attached to the stock. It will also see that there is no overissue of stock.

The business cannot fail. Although St. Louis has increased in population rapidly, no new Furniture House of any size has been opened in years. The coming of the World's Fair thousands will double the demand for Furniture the next year.

The Company was indorsed by the Central Trades and Labor Union of St. Louis and vicinity July 12th, 1903, and by the East St. Louis Central Trades and Labor Union July 14th, 1963.

Stock is being purchased by nearly every Local Union in this vicinity. Thus we have behind us forty thousand men representing at least one hundred thousand people.

We earnestly request you to come and inspect our store and plan, and if you are satisfied, come in with us.

Very respectfully,

THE CO-OPERATIVE FURNITURE AND CARPET COMPANY,

After one year, however, the proprietors of the Model are able to look back upon tweive months of unprecedented prosperity. After six months they were forced to sularge their store in order to meet the demands of an ever-increasing trade. To the ground floor and basement was added the second floor of the Model building. This floor has been devoted to the boys' department, and in it mothers can find every article of wearing appared that the American boy may need, not alone in clothing, but in shoes, hats, caps, haber-dashery and everything clise.

The secret of the Model's success is easily explained. Low prices is the rule established, and in order to give these and make for itself a profit, business on a strictly cash hasis is required. There is not one name on the Model's books. The hanker, the merchant and the capitalist pays cash just as all other folk do.

It is this policy, getting quick and sure returns for the investment, that enables the Model to give its customers the very best material at the very lowest prices. The Model soeks cash customers and to these customers is offered the best the market affords at prices that discount largely those of the credit houses. "Your money's worth or your money back" is a motto that the Model Clothing Company the Model tolver friends with them. In recognition of its first anniversary and bring which will continue for four days. Some rare bargains are promised in men's and boys' clothing, and the varieties offered will cover all the latest fall and winter styles. Handsome imported China souvenits will be given to each lady attending the anniversary sale, whether purchases are made or not. The management amounces that every one is cordially invited to attend the anniversary sale and inspect the new fall offerings. E000000000000000 \* PRIESTS TO TAKE ACTION \* ON ARCHBISHOP'S DEATH. yesterday morning by Mrs. Arthur Green of Murphysboro, who sues the railroad for Eli because she was put off a train at the Reiny Station Monday.

The suit, according to Mrs. Green, is the result of bad pens and lack of writing-room at the St. Louis Union Station.

Mrs. Green says that she came to St. Louis from Murphysboro on an excursion ficket, which had to be signed by her at the Union Station before it would be good on her return trip. She says that the crowded writing desk and bad pens at the Union Station caused her to write hadly and that the conductor of the train came to the conductor of the train came to the conductor that she was not the person to whom the ticket had originally been sold, and, in spite of her protests, she was put off the train at East St. Louis.
